ALLIANCE FOR UNIFORM HAZMAT TRANSPORTATION CREDENTIAL

Enclosed is your Alliance for Hazardous Materials Uniform Program credential. It certifies that you have complied with all the requirements of the Alliance for Uniform Hazardous Materials Transportation procedures and the Oklahoma Corporation Commission and that you have been granted a uniform permit for the transportation of hazardous materials through all participating states.

The Commission reserves the right to suspend and/or revoke the Alliance credential for any violation, of any law of the State of Oklahoma or any rule or regulation adopted by said Commission, either on behalf of the applicant or any operator(s) of any motor vehicle to be operated thereunder.

A true and correct copy of this Alliance credential **MUST** be carried in each motor vehicle transporting hazardous materials or hazardous waste in or through the participating states.

This original Alliance credential must be maintained by the motor carrier at its principal place of business. The original Alliance credential shall not be altered in any way.
